OFFICE OF LEGISLATIVE COUNSEL

Monday - 10 March 1975

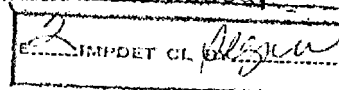

25X1 [redacted]  
25X1 [redacted] 1. [redacted] Subsequent to the delivery Friday of a suggested reply for a constituent of Senator Edmund S. Muskie (D., Me.), I received a call today from Jim Davidson on the Senator's staff, who requested background information regarding intelligence requirements for MIA information. I informed him that standard requirements had been in effect for some years to obtain information on MIA's throughout the Southeast Asia area and this extended even as far as Paris, where Pathet Lao and North Vietnamese representatives resided. He was also informed that specific requirements are generated depending upon access to sources who could provide further information on MIA's.

25X1 2. [redacted] Bruce Lehman, on the staff of the House Judiciary Subcommittee on Courts, Civil Liberties, and the Administration of Justice, called to advise that a Postal Inspector, William Cotter, is scheduled to testify in open session next Tuesday, 18 March, and that the matter would be the opening of mail. He urged that the Agency provide some input along the lines we discussed last Friday if we felt it would be helpful. (See Memorandum for the Record.)

25X1 3. [redacted] In response to his earlier call, called Art Kuhl, Chief Clerk, Senate Foreign Relations Committee, and advised him that we had seen [redacted] last August and again in January, but in measuring his background and qualifications against our limited need, our Personnel interviewer in January 1975 had told [redacted] 25X1 that we had no employment opportunities for him. I told Kuhl we would be glad to review the file again if he would like, but he said this would not be necessary.

25X1 4. [redacted] Met with Bill Raiford, Congressional Research Service, ~~Library of Congress~~, and gave him, in response to his earlier request, an unclassified listing of Directors, Deputy Directors, and USIB representatives to cover the period 1965 to the present. Raiford examined the material and said that it was just what he needed.
